

## REQUEST FOR THE CREATION OF A NO COLD CALLING ZONE

Name: .....

Address: .....

Contact Telephone Number: .....

Email: .....

I represent the residents in the under mentioned road(s), who have contacted me and requested that a No Cold Calling Zone is set up in their road.

My position within this area is part of a Neighbourhood Watch Group/Community Police/Parish Council/Representative Resident (please delete description which does not apply).

The area requested is: (please specify roads, location and number of properties)

.....

- Do you have the support of your local County Councillor for a Zone to be created? Yes/No
  - What % of your proposed zone are over 65 years of age or very vulnerable people? .....
  - How many uninvited cold callers have been in your proposed zone in the last 3 months? .....
  - Have you a nominated liaison person for your proposed zone and if so who is it? Yes/No  
.....
  - Why do you want a No Cold Calling Zone for your road? .....
- .....

I understand that a Zone can only be created where:

The core objective is the prevention or reduction of crime (including the fear of crime).

There is a real prospect that the establishment of the Zone will assist in achieving the crime reduction objective.

- The size of the Zone is limited and directly corresponds to the geographic scope of the identified problem. (Zones that are very large and are not tailored to the specific problem which has been identified are unlikely to be defensible as proportionate.)
- There is a high concentration of consumers who are particularly vulnerable to exploitation (including consumers who have a higher propensity to be misled) within the area.
- There is consultation with householders within the area of the proposed Zone, and there is a majority agreement from all residents. (This will be carried out by Officers from the Trading Standards Service or can be done by local residents group.)

I can confirm that the above conditions apply to the roads requested and this request is submitted on behalf of the households in these roads.
